Financial Assistance Disclosure

BGCU does not advertise or represent participation in U.S. Title IV federal student financial assistance under this policy. Any scholarship, institutional discount, regional tuition reduction, or other financial assistance offered by BGCU must be documented in writing and reflected in the student's enrollment and financial records.

Installment Plans and Financing

An installment plan is a method of paying tuition and fees and is not, by itself, a scholarship or federal financial-aid award. If a payment-card provider, lender, or other financing source is used, all interest, processing charges, repayment terms, and borrower obligations must be disclosed to the student before authorization.

Loan Repayment Obligations

A student will not be represented as having a loan obligation unless a separate written loan or financing agreement exists. If no loan is used, the student has no loan repayment obligation to BGCU beyond the tuition/fee balance stated in the enrollment and financial disclosure documents.

Scholarships and Discounts

Approved scholarships or discounts must identify gross tuition, discount/scholarship amount, net tuition, payment schedule, and approval basis. They do not change the University's published standard tuition schedule.

Approved for institutional use upon signature by an authorized officer.
